Report on Internal Financial Controls over Financial Reporting

Report on the Internal Financial Controls of the ULB ("the ULB")	We have audited the internal financial controls over financial reporting of NAGAR PARISHAD SAIKHEDA ("the ULB") as of March 31, 2024 in conjunction with our audit of the financial statements of the ULB for the year ended on that date.
Management's Responsibility for Internal Financial Controls	The ULB's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the ULB. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to ULB's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required in accordance with the Madhya Pradesh Municipalities Act, 1961 including the Municipal Accounting Manual and accounting principles generally accepted in India applicable to the Urban Local Bodies.
Auditors' Responsibility	Our responsibility is to express an opinion on the ULB's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively

+91-9179179143
npjs.associates@gmail.com

	in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the ULB's internal financial controls system over financial reporting.
Meaning of Internal Financial Controls Over financial Reporting	A ULB's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A ULB's internal financial control over financial reporting includes those policies and procedures that a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the ULB; b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the ULB are being made only in accordance with authorizations of management and officers

+91-9179179143
npjs.associates@gmail.com

	of the ULB; and c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the ULB's assets that could have a material effect on the financial statements.
Inherent Limitations of Internal Financial Controls Over Financial Reporting	Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.
Qualified opinion	According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified as at March 31, 2024: a) The ULB did not have an appropriate internal financial control system over financial reporting since the internal controls adopted by the ULB did not adequately consider risk assessment, which is one of the essential components of internal control, with regard to the potential for fraud when performing risk assessment b) The ULB did not have an appropriate internal control system for tax and user charges collection, tax demand evaluation, which could potentially result in the ULB recognizing revenue without establishing reasonable certainty of ultimate collection. c) The ULB did not have an appropriate internal control system for inventory with regard to receipts, issue for production and physical verification. Further, the internal control system for identification and allocation of overheads to inventory was also not adequate.

+91-9179179143
npjs.associates@gmail.com

	These could potentially result in material misstatements in the ULB's trade payables, consumption, inventory and expense account balances. d)The ULB did not have an appropriate internal control system for fixed asset with regard to purchase, construction, transfer and physical verification. Further, the internal control system for identification and allocation of overheads to fixed asset was also not adequate. These could potentially result in material misstatements in the ULB's grants, payable to contractors, tax and other statutory dues, fixed assets, capital work in process and accumulated depreciation account balances.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the ULB's annual or interim financial statements will not be prevented or detected on a timely basis. In our opinion, because of the effects/possible effects of the material weaknesses described above on the achievement of the objectives of the control criteria, the ULB has not maintained adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were not operating effectively as of March 31, 2024 based on the criteria established by the ULB. We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2024 financial statements of the ULB, and these material weaknesses do not affect our opinion on the financial statements of the ULB.

Other Audit Observations :

Urban Local Bodies (ULB) earns revenue from their own resources through taxes, rent, fees, issue of licenses etc. In test check of Nagar Parishad as of 31 March 2024 a sum of Rs 123.99 Lakhs (as shown in Table Below) plus Interest & Penalties were outstanding against the taxpayers, although the ULBs had powers under section 165 of Madhya Pradesh Municipalities Act, 1961 to approach a Magistrate to seek orders for recovery by distress and sale of any movable property of attachment and sale of immovable property belonging to defaulters, however they had not invoked these power to recover the outstanding taxes. Failure to invoke its powers resulted in non-recovery of outstanding taxes and resource crunch, leading to hindrance in development works.

Taxes and Rental: Levied in the form of Property Tax, Water Tax, Sewerage Tax, Market Rent, Shop Rent etc.

Grants: These are received from various institutions such as State Government, Central Government, NGOs, Other funding agencies

Loans: These are received from State Government, Central Government, PSUs, other bilateral agencies

Fees: Such as approval fees parking fees, ride fees, mela fees, etc.

CREATION OF ASSETS

Amount spent on acquiring, constructing any asset which is of enduring nature and benefit of which go beyond any one accounting year. The assets can further be bifurcated into:

- Immovable Assets such as land, building, parks, hospital, library, roads etc.
- Movable assets such as vehicle, furniture fixtures, office equipment's, Gadgets, cash and bank balances, fixed deposit receipts, revenue receivables, prepaid expenses etc.

FINANCIAL FRAMEWORK

After the adoption of double entry accounting concepts and principles, the ULB's were able to measure the financial performance and status. The initiative of GoMP to converge accounting from single entry to new systems is an appreciable step towards the economic reforms in the state. The ULB's now have to strictly follow some accounting concepts like Accrual, Accounting Period, Materiality, Consistency, Going Concern and has to prepare, in addition to prevailing statements, the Balance Sheet, Income and Expenditure and Cash flow statement.

FINANCIAL STATEMENT

BALANCE SHEET

An organization prepares a balance sheet at the year-end comprising of those account heads, which are having a balance at that year-end. It is a statement of affairs of the financial position of the ULB as at a reporting date.

INCOME AND EXPENDITURE STATEMENT

An Income and Expenditure Account is statement of financial performance of the ULB and shows the excess of income over expenditure or vice-versa i.e. surplus or deficit for the reporting period

CASHFLOW STATEMENT

A statement wherein the use and source of funds is summarised. It provides the clear picture of flow of funds of the ULB.

BANK RECONCILIATION STATEMENT

A statement to reconcile the differences between cashbook and bank account transactions.

RECEIPT & PAYMENT STATEMENT

Receipt and payment during the year under various heads/scheme along with the balance at year end as per bank account or cash balance.

ACCOUNTING CONCEPTS

ACCRUAL

Under the cash system of accounting, the revenues and expenses are recorded only if they are actually received or paid in cash, irrespective of the accounting period to which they belong. But under the accrual concept, occurrence of claims and obligations in respect of incomes or expenditures, assets or liabilities based on happening of any event, passage of time, rendering of services, fulfilment (partially or fully) of contracts, diminution in values, etc., are recorded even though actual receipts or payments of money may not have taken place.

ACCOUNTING PERIOD

Although the 'going concern" concept stresses the continuing nature of the entity, it is necessary for an organisation (e.g. ULB) to review how it is performing. The preparation of financial statements at periodic intervals helps in taking timely corrective action and developing appropriate strategies. The accounting period is normally considered to be of twelve months.

MATERIALITY

The accounts and the financial statements should impart importance to all material information so that true and fair view of the state of affairs of the entity is given to its beneficiaries. unimportant items are not disclosed separately and are merged with other items

CONSISTENCY

The convention of consistency facilitates comparison of financial performance of an entity from one accounting period to another. This means that the accounting principles followed by an entity should be consistently applied by it over the years

GOING CONCERN

It is assumed that the organisation will continue for a long time, unless and until it has entered into a state of liquidation. It is as per this concept, that the accountant does not take into consideration the market value of the assets while valuing them, irrespective of whether the market value is higher or lower than the book value.

BACKGROUND

The financial statement of the Nagar Parishad Salkheda (the ULB), are prepared following the principles and procedures prescribed under MPMAM. The accounts were prepared electronically using ERP software-Tally on the basis of information and documents maintained by the management of the ULB. The ULB simultaneously also prepares its accounts manually in the form of cashbook, registers and vouchers. These manual accounts forms the basis of accounting in ERP software. It is the prime responsibility of the management of the ULB to provide authentic and reliable documents as and when required.

The scope of work of the Consultant was not to carry out any sort of audit, it was limited to updating and compilation of information with some prima facie scrutiny in such a manner that the desired result of financial statements based on double entry system under accrual method be available.

The Income & Expenditure and Receipt & Payment Statements are prepared for the period covering from 1st April 2023 to 31st March 2024. The Balance Sheet is prepared depicting financial status of the Salkheda Nagar Parishad as on 31st March 2024.
