Report on Internal Financial Controls over Financial Reporting

1. Report on the Internal Financial Controls of the NAGAR PARISHAD BARELI ("the ULB")

We have audited the internal financial controls over financial reporting of BARELI NAGAR PARISHAD ("the ULB") as of March 31, 2022 in conjunction with our audit of the financial statements of the ULB for the year ended on that date.

2. Management's Responsibility for Internal Financial Controls

The ULB's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the ULB. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to ULB's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required in accordance with the Municipal Corporation Act, 1956 including the Municipal Accounting Manual and accounting principles generally accepted in India applicable to the Urban Local Bodies.

3. Auditors' Responsibility

Our responsibility is to express an opinion on the ULB's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the ULB's internal financial controls system over financial reporting.

4. Meaning of Internal Financial Controls Over financial Reporting.

A ULB's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A ULB's internal financial control over financial reporting includes those policies and procedures that:

- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the ULB;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted

नगर परिषद

- c. accounting principles, and that receipts and expenditures of the ULB are being made only in accordance with authorizations of management and officers of the ULB; and
- d. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the ULB's assets that could have a material effect on the financial statements.

5. Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

6. Qualified opinion

According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified as at March 31, 2022:

-The ULB did not have an appropriate internal financial control system over financial reporting since the internal controls adopted by the ULB did not adequately consider risk assessment, which is one of the essential components of internal control, with regard to the potential for fraud when performing risk assessment

-The ULB did not have an appropriate internal control system for tax and user charges collection, tax demand evaluation, which could potentially result in the ULB recognizing revenue without establishing reasonable certainty of ultimate collection.

-The ULB did not have an appropriate internal control system for inventory with regard to receipts, issue for production and physical verification. Further, the internal control system for identification and allocation of overheads to inventory was also not adequate. These could potentially result in material misstatements in the ULB's trade payables, consumption, inventory and expense account balances.

-The ULB did not have an appropriate internal control system for fixed asset with regard to purchase, construction, transfer and physical verification. Further, the internal control system for identification and allocation of overheads to fixed asset was also not adequate. These could potentially result in material misstatements in the ULB's grants, payable to contractors, tax and other statutory dues, fixed assets, capital work in process and accumulated depreciation account balances.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the ULB's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, because of the effects/possible effects of the material weaknesses described above on the achievement of the objectives of the control criteria, the ULB has not maintained adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were not operating effectively as of March 31, 2022 based on the criteria established by the ULB.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2022 financial statements of the ULB, and these material weaknesses do not affect our opinion on the financial statements of the ULB.

- 2) He is responsible for audit of grants received from State Government and its utilization.

Verification had been conducted for the total grants received from the State/Central government. Details for the same are provided in table above.

- 3) He shall perform audit of loans provided for physical infrastructure and its utilization. During his audit the auditor shall specifically comment on the revenue mechanism i.e. whether the asset created out of the loan has generated the desired revenue or not. He shall also comment on the possible reasons for non-generation of revenue.

As per information provided by the ULB and according to our verification, ULB has accorded loan from HUDCO. Quarterly details of loan repayment were not made available to us. However the total repayment including interest amount was Rs. 10,38,829/- during the year and the closing balance at year end stood at Rs. 2,55,70,976.72/-.

There was no document or information provided to verify whether the asset created out of the loan has generated the desired revenue or not. We cannot comment on the possible reasons for non-generation of revenue.

- 4) The auditor shall specifically point out any diversion of funds from capital receipts/ grants/ bans to revenue expenditure.

As per the information made available to us, and as per our verification, instances of diversion of funds from one grant account to another have not been noticed. However, due to inherent limitation of internal controls over financial reporting possibilities of fund diversion cannot be ruled out completely.

Non recovery of taxes

Urban Local Bodies (ULB) earns revenue from their own resources through taxes, rent, fees, issue of licenses etc. In test check of Nagar Parishad as of 31 March 2022 a sum of Rs 53.69 Lakhs (as shown in Table Below) plus Interest & Penalties were outstanding against the taxpayers, although the ULBs had powers under section 165 of Madhya Pradesh Municipalities Act, 1961 to approach a Magistrate to seek orders for recovery by distress and sale of any movable property of attachment and sale of immovable property belonging to defaulters, however they had not invoked these power to recover the outstanding taxes. Failure to invoke its powers resulted in non-recovery of outstanding taxes and resource crunch, leading to hindrance in development works.
